2008

**Prepare, maintain and test response equipment
THEORY ASSIGNMENT**

PASS MARK = 30

TOTAL MARKS AVAILABLE = 50

Pages in this Question Booklet = 7

With written tasks organise your assessment into a soft folder. Avoid using plastic sleeves, as your assessor needs to make marking notes and give you written feedback directly onto your work.

Ensure the number, assessment task title; your name is on the title page.

Question 1 (1 Mark)

List equipment in your flotilla that is used in rescue response, indicate where it is stored in your flotilla, describe its use and what would be the most common fault/problem in its use.

Pumps

Navigation equipment

Radios

Ropes/lines

Personal safety and protection equipment

Other equipment

Question 2 (1 Mark)

All Marine Rescue Units have Standard operation procedures for reporting and maintaining equipment. Describe the role of the various members of the maintenance team working to these procedures.
